SUBJECT – SCIENCE

ACTIVITY – 1 Eat healthy, stay fit : beat COVID-19

Most of the health advice can boil down to simple behaviour like eating a balanced diet, exercising etc. Keeping in mind the above line.

Prepare a report on the basis of various types of food eaten in different regions of our country. Categorize them according to the nutrients present in them. Prepare a balanced diet menu with the help of your elders, magazines, internet etc. and also share the menu with your friends and relatives.

To increase your awareness about the ill effects of COVID -19, do the following research work using the e- newspaper, internet, magazines considering the following points :

1. Why is COVID -19 called as pandemic?
2. The name of the virus responsible for this disease.
3. What can you do to have a good mental and physical health during this tough time ?

Record your research work on a A-4 size sheet and share it with other family members too.

ACTIVITY - 2

1. Collect pictures of herbivores, carnivores, and omnivores. Paste them on a chart paper or A-4 Size sheet to make a colorful collage. Write the name of each animal below its picture.
2. In what ways scavengers useful to the environment?
